The City of Blythe requires Animal Control Services to be uninterrupted to preserve the public health. Staff believes it is the City of Blythe's best interest to contract

on a temporary basis with Riverside County for Animal Control Services. The City is able to contract for part-time services with Riverside County Animal Control Services that provides for our immediate needs for the next four months. The fiscal impact is \$15,345 for services from 9/02/07 to 01/01/08. **Public comment: Quenton Hanson**, 830 Oleander. He said he favored the contract. Too many dogs are running lose in the afternoon. **Carie Covel**, asked if the Animal Control Officer returns before the contract expires is there a termination clause. Staff responded yes.

REPORTS:

CITY MANAGER'S REPORT. City Manager Nelson reported that staff believe the Palo Verde Hospital, and more specifically the Palo Verde Healthcare District, has finally found some solid ground from which it can push off and start to move forward. Forced by necessity to accept a demotion from a General Acute to a Critical Access hospital designation the Healthcare Board has successfully disarmed the State-imposed regulatory time bomb. The redesignation takes the Palo Verde Hospital out of jeopardy with its State license (Department of Health Services) while retaining its certifications for Medicare and Medicaid payments (Centers for Medicare and Medicaid Services). Unfortunately, for the time being Palo Verde Hospital has essentially (in my opinion) been reduced to an Emergency Room and 25 beds for ambulatory patient care. This obviously is far from a perfect situation and it certainly is not the level of patient care the community wants or expects from its hospital in the future. But for now it is a "core" service that can financially survive what most consider is a dysfunctional organizational structure, and it has effectively created some potential new opportunities to change the dynamics of the stalemated Healthcare District/Management/Medical Staff inter-relationships. From staff's outsider's view, there is perhaps now some semblance of a path to get beyond this point, some encouraging signs there are possible solutions in the future to address the identified health care delivery problems.

In terms of the Golf Course Recovery Plan, it is apparent that some clarifications are necessary based on what staff has heard and read: A.) The Golf Course deficit is not \$1 million a year. That amount is a deficit that has accumulated over about the last 10 years, and it would have been about \$1.1 million at the end of FY07-08 if nothing (or even something minimal) had been done. B.) Course improvements this year include cart path extensions, reconstruction of the sand traps (for drainage reasons) on the 9th and 18th holes and improvements to the driving range. Staff would welcome suggestions from the playing public as to course improvements they would like to see. C.) Changing the Golf Course fee schedule was not an arbitrary knee-jerk reaction, and the Committee struggled with 10 different iterations of the fee schedule trying to be fair and responsive to the financial problem. Further, unlike many communities, the City never considered a fee differential for permanent residents versus seasonal residents. Lastly there is no increase in cost for Juniors until the third year of plan (FY09-10). D.) The Budget Committee had strong feelings the City needed to change the financial direction at the Golf Course after facing the facts of the situation. The Golf Course cost the City about \$1.78 per hole/per round (based on 32,000 players), yet fully half of the rounds played are paid for with an Annual Pass which generates on average about .70¢ a hole. Frankly speaking, the Golf Course was/is financially insolvent. Per staff's view the City could fix the situation, lease the course out or try and sell the golf course. The Recovery Plan is the decision by Council to try and fix the problem.

Miscellaneous . . . Public Works has received a "No further action required" letter regarding its underground gasoline clean-up effort . . . the State Water Resources Control Board will use the City Hall Multi-Purpose Room on Wednesday (9-25-07) to conduct a public meeting to ". . . announce groundwater sampling in Colorado River Region . . ." . . . Golf Course is taking credit cards for payment . . . 20 businesses in Blythe generate 75% of the sales tax . . . according to the County Assessor's Annual Report, Blythe's assessed valuation increased 12.9% in 2007 over 2006, the 14th largest percentage increase of the 24 cities in Riverside County . . . per my understanding the Palo Verde Valley Economic Development Partnership (through DACE) may have received a \$50,000 USDA grant for marketing the Blythe area for business attraction . . LAFCO staff will recommend to the LAFCO Board of Directors (on 10-25-07) that Blythe be placed in the Coachella Valley Mosquito & Vector Control District's sphere of influence, which obligates the City to nothing but provides an opportunity should the city one day look to contract its' Vector control service . . . attached herewith is the Golf Course overseeding schedule, which indicates the course will be closed from September

24th through October 19th . . . the Recreation Center will host a "sleep over" for K-5th grade on October 26th as part of the Homecoming activities. **Public comment: Richard Fallon,** Palo Verde Hospita/AHM Management responded to the City Manager report on Palo Verde Hospital issues. Received and file.

ORAL REPORTS FROM COUNCIL AND STAFF. Lt. Gray said the PAL Dinner was very successful and he appreciates every one that attended.

Asst. City Manager Hull said the Street Festival is scheduled for November 3rd. He also reported on the illegal dumping on S. Broadway and reminded staff/Council of the Candidate Forum on October 10th.

City Manager Nelson said PVVTA Board of Directors will meet on October 3rd.

Councilman DeConinck reported that RCTC announced Anne Mayer as the new Executive Director of RCTC.

Councilman Hernandez attended the PAL Dinner and commented on the great food.

Councilwoman Mays also attended the PAL Dinner, saying it's a great program and everyone enjoyed themselves.

Vice Mayor Grotke said he attended the CVAG meeting on Monday, September 23rd and that one of their discussion items was future Interstate I-10 improvements. Mr. Grotke also enjoyed PAL's 10th year anniversary.

Mayor Crain also commented on the PAL's Dinner.

Supplemental Law Enforcement Services Fund (SLESF)

Public Hearing Regarding Expenditures

### BACKGROUND:

The Supplemental Law Enforcement Services Fund (SLESF) provides funds to front line law enforcement services. April 2002 Senate Bill 823 amended the Government Code Sections 30061 and 30063 to require that "the City Council shall appropriate existing and anticipated moneys exclusively to fund frontline municipal police services, in accordance with written requests submitted by the Chief of Police of that City or the Chief Administrator of the law enforcement agency that provides police services for that city."

The request to the City Council specifies the personnel, equipment and programs necessary to meet the city's needs. The council, at a public meeting, considers the requests and determines the allocation of funds. The Sheriff chairs the Supplemental Law Enforcement Oversight Committee and this Committee must certify receipt and approval of the expenditure plan before the County Auditor Controller can release funds.

This year, as in the past, the City of Blythe plans to use this fund as a revenue source to apply towards the salary and benefits of two police officer positions. This revenue and expenditure was included and approved in the FY2007/2008 Capital and Operating Budget. The salary and benefits for two police officers is approximately \$160,238. The City of Blythe is expected to receive \$100,000 in SLESF funding this fiscal year.

### FISCAL IMPACT:

\$100,000 in revenue towards the salary and benefits of two police officers.

### RECOMMENDATION:

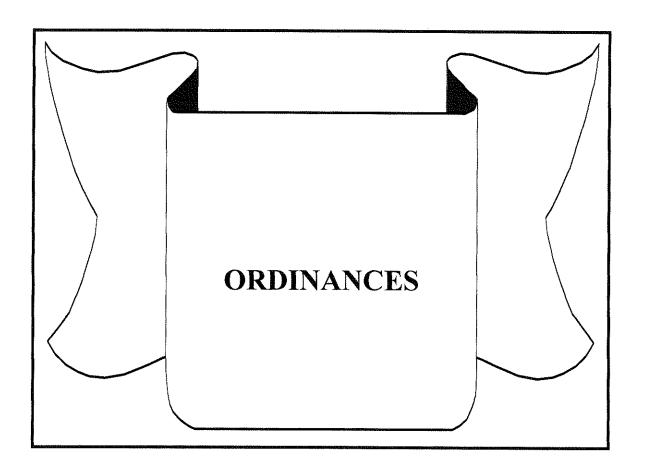

The City of Blythe accept and expend the estimated \$100,000 in SLESF funding for FY2007/2008 as applied towards the salary and benefits of two police officer positions as approved in this fiscal years budget.

Respectfully,

/

Mr. Les Nelson, City Manager City of Blythe 235 N. Broadway Blythe, CA 92225

Dear Mr. Nelson:

The Blythe Area Chamber of Commerce' Fall Spring Street Festival is scheduled for Saturday, November 3, 2007. As in 2006, we can not secure the proper vendor and liability insurance until we have a list of vendors. As you know, it is imperative we have this insurance to protect the public from any harm and it is also required.

We will be going through Sparta Insurance once again. We will submit a list of vendors to Sparta a week prior to the event and they will insure the event and vendors.

Our request is this: Would Council approve the Street Closure and Street Festival with the understanding the Chamber will furnish the insurance to City Hall prior to the date of November 3, 2007?

I have also enclosed other pertinent paperwork for the event.

Your assistance in this matter would be greatly appreciated.

Sincerely,

Jim Shipley

Chief Operating Officer

### MINUTES BLYTHE REDEVELOPMENT AGENCY AUGUST 28, 2007

The August 28, 2007 regular meeting of the Blythe Redevelopment Agency was called to order by Chairman Crain in the Council Chambers. Also in attendance were Vice Chairman Grotke, Board Members Hernandez, DeConinck and Mays. Staff in attendance included Asst. City Manager Hull and other Agency staff members.

**APPROVAL OF MINUTES.** Board Member DeConinck moved for the approval of the June 12, 2007 Minutes. Seconded by Board Member Hernandez. Unanimous Aye vote.

PROPERTY ACQUISITION -VACANT PARCEL ON SOUTH BROADWAY. Asst. City Manager Hull reported that the ½ acre parcel between DMV and the old Buy-Rite site on Broadway is being considered for purchase by the RDA for a potential office and corporation yard for the Palo Verde Valley Transit Agency. Staff has taken several advanced measures for Council/Agency consideration. A limited Phase II hydrocarbon evaluation was done on the north and south property lines, the results of which Council reviewed on August 14th. staff said the residual gasoline contamination is minor in nature and there has never been known fuel tanks on this particular property. Any clean up orders from the Regional Water Quality Control Board would go to the original tank sites north and south that presumably put the pollution in the ground. This parcel would have to grant access for clean-up efforts if required, but there would not by any costs to the City/Agency. Staff sent a notice to property owners within 300 feet and posted the subject property inviting comments to hear tonight. Escrow is scheduled to close on this property on August 31, 2007. Public comment: Howard Anderson, 14141 Williams Road, owner of the Buy-Rite building, has three concerns: Property value, Diesel fuel fumes and the alley is the only one that separates the residence from this project. Marion Anderson, 14141 Williams Road, said she is also against the project as they are going to open the Buy-Rite building and sell food, and a book store. She is also concerned about the diesel fumes with children in the area. Councilwoman Mays asked to bring back to Council before any final decision is made.

Board Member DeConinck moved the staff recommendation to purchase the lot with the intent to move the Palo Verde Valley Transit Agency to 450 S. Broadway. Seconded by Vice Mayor Grotke. Unanimous Aye vote.

**DEMOLITION OF 101 W. MURPHY.** Asst. City Manager Hull reported that City of Blythe/RDA acquired 101 W. Murphy (Bigler) and 125 W. Murphy (Bollinger) to facilitate future expansion of the City Hall parking lot. Ten years later, staff believes it now appropriate to begin discussing demolition of the structures, beginning with the vacant 101 W. Murphy. Cost is estimated at \$10,000 more if there is asbestos. The cost to demolish 125 W. Murphy is \$15,000, more if there is asbestos. While staff would like to demolish both buildings at the same (i.e. economy of scale), it could be another year before 125 W. Murphy is available for demolition. PVVTA is moving in the direction of relocation, and their FY 07-08 budget includes money for that purpose, but the fact is the process will take some time. Staff would like to have the RDA Board of Directors deal with demolishing 101 W. Murphy now and 125 W. Murphy when we can, or continuing the wait until both buildings can be demolished at once. Based on informal discussion with a licensed demolition contractor, there is an increased cost implication of approximately \$2,500 to do the buildings as separate projects. On the other hand, the City does need additional parking. No public comment.

Vice Mayor Grotke moved to go forward with the demolition of 101 W. Murphy Street. The estimated cost is \$10,000, to be funded out of the Blight Elimination Fund. Seconded by Councilwoman Mays. Unanimous Aye vote.

ADJOURN: There being no further business to come before the Board the meeting was adjourned.
